LACTIC ACID PEEL POST TREATMENT CARE

- For two days after treatment avoid touching your face. We have removed the outer protective barrier and you could be susceptible to irritation.
- Gently cleanse then apply CX5 Correction Cream in the AM and PM.
- You can resume using your active glycolic acids after 48 hours, as tolerated.
- Avoid sun exposure and reapply sunscreen every two hours when unavoidable sun exposure occurs.
- Cosmetics can be applied immediately after treatment.
- If you have questions or concerns please call (207) 775-3445.
